

April 2020 - Newsletter

Upcoming Dates & Reminders

- Please note all meetings and in person activities are currently postponed to further notice

A message from our President Allison Foster

Hello, neighbors!

We hope this reaches you safe & well. This is an interesting time in the world - and we are so grateful to have you as a part of our Tarpon River Community. I want to explain why we have been "silent" for the last few weeks - I have personally had some major family emergencies come up. In mid-March my father passed away among with some other family emergencies. As a result, I was less present in the community and with our Tarpon River Board. We did our best to get out those initial urgent messages to you all - but, I take all responsibility for the lack of communication since then. Please know that moving forward we should be back to our "regularly scheduled" communication as much as we can. Know that we are a volunteer group working hard to do what we can for Tarpon River! I am so appreciative of the neighbors on our board and who have stepped up to help us as we work to ensure we are sharing information with you. If you are interested in getting involved, please reach out to me.

Some important items to note:

- The TRCA Board met in March and welcomed two new board members to fill the roles of two board members who have moved on from Tarpon River. Beverly Grant and Steven Buckingham moved on from our board; Marita Flam and Mike Stone have stepped up to serve as board members on our team. We are so grateful for Beverly and Steve - we plan to recognize them personally the next time we can be "together".
- TRCA events have been cancelled moving forward until further notice. You will note on the [website](#) that this is true for the next few months.
- The TRCA Board will continue to meet virtually and as important information comes your way, we will share.
- The TRCA Board did meet April 14 as a Board. Minutes will be forthcoming, and we did discuss the General Service Administration Federal Courthouse Site Selection. The TRCA Board provided this letter to Commissioner Sorensen: [GSA site selection Information](#)

Additionally, we have updated the [Tarpon River website](#). Should you encounter any issues, please contact secretary.trca@gmail.com.

Best Regards,
Allison

Please Dispose of Used Gloves and Face Coverings Properly

Gloves and face coverings should never be left on the ground, on sidewalks, in streets, or parking lots. These items may be contaminated and could potentially pose a risk to workers who have to pick them up.
